

RELY ON EXCELLENCE

## Buratex R 4002

Packings & Gaskets | Packing for pumps

### Features

Buratex B 4002 is a flexible cotton packing impregnated with a special sea water-resistant impregnating agent, which makes it THE packing for marine applications. When it is manufactured, particularly tear-resistant cotton threads are pre-impregnated and twisted. At the next diagonal braiding step, the packing is further treated with a sea water-resistant and reddied impregnating agent.

### Notes

In pump applications, ideally fitted with a straight cut.

### Advantages

- Easy to handle
- Special red impregnating agent is unmistakable
- Rot-resistant
- Permanently soft and flexible

### Operating range

#### Pumps

Pressure:  $p = 10$  bar

Sliding velocity:  $vg = 10$  m/s

#### Valves

Pressure:  $p = 60$  bar

Sliding velocity:  $vg = 2$  m/s

#### Mixers, agitators, kneaders, filters

Pressure:  $p = 8$  bar

Sliding velocity:  $vg = 2$  m/s

### Temperature

- Continuous operation:  
 $t = -20$  °C ...  $+100$  °C

### Chemical resistance:

pH = 6 ... 8

Resistant to water, waste water and sea water.

### Recommended applications

#### Industries

- Process industry
- Water and waste water technology
- Mining industry
- Building services industry
- Shipbuilding

#### Mechanical units

- Pumps
